

ERGONOMIC HANDLES

AVAILABLE FOR EVERHARD ROLLERS AND STITCHERS!

- PLASTIC HANDLES
- CUSHION GRIP HANDLES

*Increase Comfort...
Eliminate Risk of Contamination*

ADVANTAGES OVER WOOD HANDLES

- **Ergonomic:**
Rounded, plastic handle is contoured, and the optional cushion grip provides a no-slip surface that places less stress on the hand and wrist. Comfortable to use.
- **No Contamination:**
No risk of product contamination exists with Everhard's plastic handle and cushion grip.

The plastic handle and ergonomic cushion grip handle are available exclusively on selected models of Everhard rollers and stitchers. The ergonomic cushion grip is optional.
